Title: Construction Project Management System and Method
Filed: January 30, 2004
Our Ref: PA2686US

Dear Ned:

As new counsel has been found to prosecute the above-referenced matter, we have filed a request with the United States Patent and Trademark Office on **September 9, 2008** to withdraw as attorney/agent of record in the same. This request will likely be granted and all future correspondence from the Patent Office should be delivered directly to the new counsel. We will, of course, forward any correspondence that may be misdirected to us in the interim. For your convenience, the table below summarizes an important upcoming deadline:

Case	Application Number	Title	Deadline	Action
PA2686US	10/768,758	Construction Project Management System and Method	11/28/2008	Response to Office Action Due

Please be advised that there is a risk of losing rights in the above-referenced patent application if the new counsel does not respond to future communications from the Patent Office in a timely manner.

Sincerely,

Susan Yee
